

PENSHURST PARISH COUNCIL

CALL FOR SITES

Penshurst Parish Council is considering the provision of a small development of Affordable Local Needs Housing in the parish. If approved, this would be built on a Rural Exception Site (Green Belt land) and would be protected in perpetuity as affordable homes for rent by people with a strong local connection.

If you would like to suggest a site or own any land that could be considered suitable for a small development of Affordable Housing of up to six homes, please contact the Clerk with details by the end of June.
